## A school day.

#### <u>Sonq</u>

I open my eyes stretch out my arms and I'm awake,It's a brand new day

I get up and dressed then I have MY breakfast and I brush my teeth,It's time to go to school it's time to leave, it's time to leave leave

turn out the lights
We leave with our parents in our cars or on our bikes

Such a lovely day the sun is shining in the sky and off we go to school

We all go to school All day

Every week, only a week day ayyy

Our house is a very very very fine house
We go home to eat and play
At the end of a school day
Yes at the end of every day we go home

I open my eyes I open my eyes

and stretch out my arms and I'm awake It's a brand new day
