Activity Two: Favorites

Draw and describe your favorite fruit or vegetable and we will guess what it is! If it's not part of our vocabulary list, let's learn it!

Activity Three: Dream Pizza

Two teams will create their dream pizza with all the toppings they would want. But watch out! You only have 2 minutes to draw all your toppings on. The team with the most toppings *that they can name in English* wins!

Activity Four: Potluck Dinner Party

At a potluck, everyone brings something to the dinner, guests included. Act out a potluck dinner party and serve your friends the food you made by describing what it is in English!

Activity Five: Cooking Show

There are two (or more) teams, each with a designated chef per round. The teacher will tell the chefs what food they have in secret. The chefs must act out making or eating the food while the team decides what it is. Once they guess, whoever draws the food first and can name it in English wins a point for the round! The team with the most points at the end (once each person has a turn to be chef) wins the whole game!

Activity Six: Food Fusion

Two teams will come up with a new fruit or vegetable or... **Frugetable!** A fusion of their own invention. They can draw it to present it to the whole class. The class votes on which one they would most like to taste!

Activity Seven: Vocabulary Team Quiz

With a team, name all the fruits and vegetables that you can see in the following pictures!
The team with the most on their list in one minute wins!

Round one:

Fruits - What fruits can you see?

Round Two:

Vegetables - What vegetables can you see?
